

Tahoe Lowest For Years As Storms Fail To Add Water

Fish In River Threatened Unless More Storms Reach Region

Scattered light storms during the past week or two have failed to do much to relieve the serious water shortage in this area.

During the month of March thus far only 2.19 inches of precipitation have been recorded at the U.S. Forest Service station here. The normal for the month is 4.13 inches.

Thus far during the winter and first few days of spring, only 14 inches of precipitation were recorded since last September. This is far below the normal of 26.8 inches to the end of March.

The temperature has remained near normal with a low this week of 8 degrees on Saturday and a high of 51 on Sunday.

Tahoe Low

At Lake Tahoe, the situation does not look too bright with the level Monday reported at 6223.89, subject to revision. This is virtually three feet under the same date last year when it stood at approximately 6226 feet, Art Frodenberg, cooperater observer, reported.

The lake is lower than it has been in 20 years.

With current conditions remaining for the balance of the season, it is held doubtful if the lake will raise more than perhaps a foot, which would still leave it two feet below last year's mark.

Federal Water Master Claude Dukes is quoted as saying that with a dry spring "the water level will come dangerously close to, if not hit the rim of the lake sometime this summer." Once the water dips to the rim the overflow into the river will stop.

The most serious consequence will be felt along the Truckee river where fishing will be affected and a pollution problem will develop at Sparks and Reno.

Farmers in the Reno area are expected to be badly hurt by the water shortage.

There is some talk of pumping from the lake into the Truckee river, but there is a question as to whether or not this will be allowed under an agreement between California and Nevada.

Norden Boy Hurt In Auto Accident

Only two reportable vehicle accidents were investigated by the California Highway Patrol during the weekend.

Christopher Kirby Schull, 20, of Norden was injured Friday at 5:20 p.m. when his car was struck broadside as he was making a turn on Highway 40 near his home, three quarters of a mile west of Donner Summit.

His car was struck by one driven by Robert S. Ineram, 43, of Velvete. Schull told officers he was momentarily blinded by the sun and did not see the approaching car. He was cited for failure to yield the right of way.

A car driven by George P. Nelms, 22, of Sunnyvale, tore out 16 feet of fencing at the Union Oil Station in Squaw Valley Saturday morning at 12:30 o'clock but the driver was not seriously injured. The car was virtually demolished.

Preparations Made For Fire Fighting During Dry Season

GRASS VALLEY — Skilled and well equipped striking forces made up of loggers and mill workers of all parts of the Tahoe National Forest are expected to be ready to halt 1961 forest fires in their early stages, according to a plan made by federal forest offices, lumber operators and the state division of forestry.

The agreement was reached at a meeting attended by 60 lumber operators, logging contractors and officials of the federal and state forest organizations.

The program was proposed by Henry Branagh, supervisor of Tahoe National Forest, who suggested a series of training sessions be held during May when expert fire fighters will meet with logging company workers. Branagh suggested the one day classes be in the Foresthill area in Placer County, the Nevada City and Grass Valley District of Nevada County; the Camptonville, Yuba County, and Downville areas in the district including Sierraville and Truckee.

A principal objective will be a high speed communications system of radio and telephone through which loggers nearest the fire strike will have an early order to speed to the scene.

Agreement on the plan was unanimous.

Miss Donner Lake To Be Named Soon

The Ladies Auxiliary of the Donner Lake Volunteer Fire Department will have their annual box social and queen coronation at the Tahoe Truckee High School on Friday, April 28, the event starting at 6:13 p.m.

The two runner-ups will be princesses and the remaining candidates will be the royal court. All candidates will really be winners as they participate in all activities for a year and all will reign over the Donner Lake Regatta which is July 9th. All young ladies will appear on television and radio programs, in parades and any events when called upon by the various service clubs.

Charter Meeting At Tahoe Is Slated Next Wednesday

Explanation Of New Plan Will Be Given During Lake Session

TAHOE CITY—A public meeting at Tahoe City, March 29th, for the purpose of explaining the proposed Placer County Charter was announced today by the Council of Tahoe Womens Organizations, Placer County Freeholder and chairman of the freeholders public information committee.

Fred Boole stated that the meeting would be held at 8:00 p.m. in the Tahoe Lake Elementary School and that he would also bring Lyn Lardner, a member of the freeholder board, with him.

"The proposed charter will be balloted upon by Placer County voters shortly and we hope every one registered to vote will avail themselves of the opportunity to read the charter and attend this informal, informational meeting that will be sponsored by the board of freeholders and the womens council," Boole stated.

Copies of the proposed charter have been made available to all Placer County residents through a public service of the Auburn Journal, its editor and publisher, Bill Cassidy. Anyone wishing a copy may obtain it at the office of the Journal in Auburn.

One of the proposed charter provisions surely to be discussed at the March 29th meeting will be a possible revision of the five county supervisors districts. In addition the proposed charter establishes a strong county manager form of government. Elected supervisors would be primarily concerned with county policy decisions, turning over the administrative portions of their present duties to the sole discretion of a county manager.

JOHNSON PROMOTED BY BANK OF AMERICA

Promotion of William A. Johnson to general lending officer at Bank of America's Truckee branch was announced this week by Manager Lee H. Apple.

Receiving the title assistant cashier with his new assignment, Johnson replaces Dwight L. Roberts, recently promoted to manager of the bank's Willits branch.

A graduate of Menlo Jr. College, Johnson began his career with Bank of America in 1953 as a teller at the main office in Stockton, his native city.

He was assigned lending officer duties at the Hunter Square branch where he has served until his present appointment.

Johnson's wife, Joyce, will join him in Truckee when housing has been arranged.

Roberts, assigned to the Truckee branch the past three years, joined the bank at Fresno in 1952 after graduating from Fresno State College. He held various positions in Fresno offices until his move to Truckee in 1958.

Peter Edwards also has arrived from the Grass Valley bank where he had spent more than three years and will assume the position of note teller in the local branch.

EARL CAREY NAMED PRESIDENT OF V.F.W.

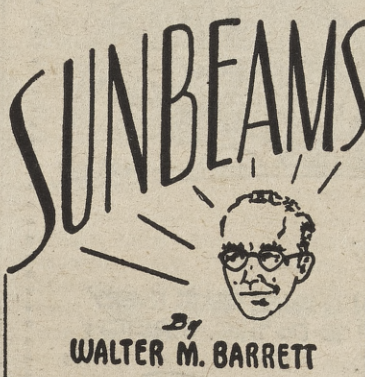

CRYSTAL BAY—Earl Carey was elected commander of Veterans of Foreign Wars Post No. 7077 at Lake Tahoe during the meeting held March 15 at Crystal Bay Club. He will replace Commander Bob Molsberry at the installation to be held at a regular meeting in April. Other officers elected were Harvey Martin, senior vice commander; N. T. Murray, junior vice commander; Eddie Liddle, quartermaster; Bill Elliott, adjutant and Gary Eden, chaplain.

BAY AREA MAN FINED FOR DRUNK DRIVING

William David Barry, 24, a San Francisco bank clerk, was arrested by members of the California Highway Patrol near Floriston. He was tried in the Truckee Judicial District Court on a charge of driving while drinking. Judge Posten Wilson fined him \$263 or 50 days in jail. He was being held in the county jail pending paying the fine.

At Home—

Linda Giovannoni has returned to the home of her parents, Mr. and Mrs. Frank Giovannoni following a recent illness treated at Tahoe Forest Hospital.

For many years we have watched private interests take over and exclude from public use the fine beach areas around our lakes. To a degree this is good and provides a thriving industry and excellent home facilities, but there comes a time when it is not so good. Fortunately, the forest service has looked forward and has provided a few public beaches where for a minimum charge camping and picnic facilities for the public are available, but these facilities are not adequate for the growing demand for outdoor recreation. Donner Lake, for example, has a splendid beach, privately owned, at the west end where thousands of people gather each summer to participate in the water sports and enjoy the area at a minimum of cost. Now, we are advised, plans are in the making to subdivide this beach, cut it up into lots and put it on the market. This would be a great loss to the public and we feel the time is right to take steps to permit the county or an organized recreation district to acquire the beach and maintain it for the use of the public. There are methods by which this can be done and we think it should be done immediately. The chamber of commerce is to be commended for the action taken this week to take steps to perpetuate the beach for the people here and the many visitors who frequent the area during the summer.

Each of the contestants will zoom down the course once. Then the eight fastest teams will make a second run. Combined times will decide final placement.

Sugar Bowl general manager Ed Siegel has announced that there will be no admission charge—except for those using the Magic Carpet in Sugar Bowl—about half a mile from Highway 40. He urged that those who wish to see the race arrive early.

"This should be one of the most exciting events in Northern California skiing history," said Siegel.

The state division of highways will open bids April 19 for widening 8.1 miles of State Sign Route 28 along the north shore of Lake Tahoe, from 2.5 miles northeast of Tahoe City at the top of the Dollar Grade, to the Nevada state line, according to officials at the Marysville district office.

A total of \$1,200,000 in state highway funds has been budgeted for the project.

About three miles through commercial areas, mainly in the Brockway area just east of the state line, will be widened to 64 feet for a four-lane undivided highway. The remainder will be two lanes, widened to a minimum of 32 feet, and to 40 feet where right of way permits.

DeMolay Dance Is Slated Saturday

Tahoe-Truckee Chapter of the DeMolay is sponsoring a dance at Veterans Memorial Building Saturday evening between 7:30 and 11 o'clock to which the public is invited.

An outstanding attraction at the dance will be the naming of the Queen, chosen at last Wednesday's meeting from the six contestants, each of whom was asked to present a particular talent.

They are Sandy Fellows who recited the poem, "If," Carla Baxter sang "The Rebel," Diane Silveri an accordion solo; Candy Board, a guitar song, "Blue Moon;" Donna Stombo, a monologue and Vicki Rich, who did the Charleston.

The breakfast given by the DeMolay last Sunday was a success and the members enjoyed a day at Squaw Valley.

Costume attire is the order of the evening, according to Co-chairmen Mrs. Norman Wilson and Mrs. James Brehler. They have also announced that there will be live music for the evening of dancing and that a buffet will be served.

The donation will be two dollars per person.

Trouble Shooter Is Sent To Squaw

The state division of beaches and parks has assigned James Whitehead, one of its top troubleshooters to iron out some of the problems at Squaw Valley State Park.

Charles A. DeTurk, division chief, said Whitehead will take over this week as "liaison" at the park to have a "two-headed job."

"He will act as liaison between the concessionaires and the park crew and between the concessionaire and division headquarters at Sacramento," DeTurk said.

The concessionaire referred to is the Squaw Valley Improvement Company of William Newsom and John Pelosi, which holds a 27-year lease on most of the facilities in the valley.

DeTurk said Whitehead is extremely experienced in the field of dealing with park problems.

"When we were given San Simeon there was criticism in the newspapers and people said we had a white elephant. Jim proved them wrong. We have a similar problem at Squaw Valley," DeTurk said.

DeTurk added that Whitehead will not replace Ted Wilson, the present superintendent at Squaw Valley.

BIDS ARE ASKED FOR NEW TAHOE BUILDING

TAHOE CITY—The board of commissions of the Tahoe City Fire Protection District will receive bids for the construction of additions to the firehouse at Tahoe City up to 8 p.m. April 14 at which time they will be opened and read publicly.

Bank Of California Announces Plans For Tahoe Branch

The Bank of California, N. A., San Francisco, has received approval from supervisory banking authorities to establish a branch office at Tahoe City, it was announced by Edwin E. Adams, president.

The new office will occupy quarters in Tahoe City Center, the multi-story shopping development now under construction on the lake front, just north of the city. Other major units of the Center will house a Safeway Store, U.S. Post Office, men's store, laundrette, bakery and a drug store. Tentative opening date of the bank is May 15.

Adams also stated that Herbert S. Clegg, Jr., has been appointed as manager of the Tahoe City office. Prior to his appointment, he was serving as assistant manager of the bank's Auburn office. Clegg, who is a native of Auburn, began his banking career in 1936 with The Placer County Bank (Auburn), which merged with The Bank of California in 1957. Extremely active in civic affairs, Clegg has been treasurer of the City of Auburn since 1939 and a member of their local fire department since 1934, including three years as chief.

The Bank of California is the oldest incorporated commercial bank in the west. Incorporated in 1864, it has the unique distinction of having direct offices in all three west coast states.

Bids Are Called On North Tahoe Road

The state division of highways will open bids April 19 for widening 8.1 miles of State Sign Route 28 along the north shore of Lake Tahoe, from 2.5 miles northeast of Tahoe City at the top of the Dollar Grade, to the Nevada state line, according to officials at the Marysville district office.

During the meeting, selections were played by the beginners and intermediates in the elementary school band.

A directors meeting of the PTA will be held April 4.

Chamber Acts To Secure Beach At West Donner Lake

Recreation District May Be Formed To Purchase Beach Area

The first step to acquire the beach area at the west end of Donner Lake as a public park and recreation center was taken at the meeting of the Truckee Donner Chamber of Commerce yesterday.

A committee was named to investigate and circulate a petition calling upon the board of supervisors to hold an election to determine whether a recreational district shall be formed.

Heading the committee is Richard Walker, local sanitarian, and other members are Arnold Verdi and Mrs. Karl Kielhofer.

Further discussion of the proposal to acquire the beach under a area to comprise the fifth supervisorial district, will be held at a meeting at Smart's next Wednesday at noon, President Lee Apple announced.

It was pointed out by speakers, including Supervisor H. G. Loehr and Walker that plans are currently being made by the owners of the land to have it subdivided, thus removing the last public beach from the lake. It is proposed to form the district and purchase the property to perpetuate it as a local recreational area.

The district, if formed by an election, could embrace other nearby recreational facilities as time goes on, but it was strongly urged that action be taken immediately on the Donner beach and later include these other facilities, if the need arises.

Cecil Edmunds, member of the county planning commission, urged the chamber to take immediate action on replacing Ordinance No. 207, which was designed as a temporary measure to prevent unsightly buildings in the Truckee area during the staging of the Olympics.

The ordinance, he warned was soon being stricken from the books and this he said would leave no zoning restrictions between Donner Lake, which has a zoning ordinance, and the state line.

Supervisors Delay Appointing Judge

It became apparent last week that the board of supervisors of Placer County will not be in any rush to appoint a successor to the late judge of the Tahoe Judicial District Court, Harry Charrison.

The state judicial council has been requested to give a qualification examination for the candidates seeking the post.

C. W. Vernon, a former judge at Tahoe, has withdrawn his name from the list of candidates, leaving three announced. They are Harry Hooper, Robert Fugazi and Paul Mele.

The appointment would be only until the next regular election in 1962 when the incumbent would be required to stand for reelection.

Until such a time as an appointment is made, Judge Posten Wilson of Truckee is presiding in the court at Tahoe as well as the local court.

STRIKES & SPARES

BY JOE WILMAN

HOW TO CONVERT THE 3-10 SPLIT WITH EASE

If your ball has a habit of coming in too heavily on the head pin, you're probably very familiar with the 3-10 or "baby" split. It isn't too difficult a split to convert if you follow the proper directions, however.

You should use the left-side angle for this right-side split. Release the ball to the left of center and angle it out to the right. You should aim for the 6-pin (which isn't there, but which is in the spot just between the 3 and 10-pins). The ball should hook back, striking the 3-pin on the right and deflecting back into the 10-pin, as shown in the illustration.

That's the surest way to make this split—by hitting both pins with the ball. Another advantage of aiming between these two pins is that such a ball is certain to knock down at least one pin.

It's possible to convert this split by hitting the 3 pin on the left and knocking it over and back into the 10. This is not the best way, however, for you must depend upon pin action to take care of the 10 pin. And it's possible you might hook away from the 3 pin entirely, touching nothing.

Use the surest method. Hit both pins with the ball. Aim between the pins for the 3-10 split.

Speaking of the Lake Tahoe-Sierra Chamber of Commerce—directors meeting and regular business meeting was held at Trade Winds in Kings Beach Thursday noon, March 16th. Present were Florence and Gordon Brown, E. W. "Ted" Stollery, Tahoe City; Selby Calkins, Carlton Konarske, Crystal Bay; Lee Apple, Truckee; Fred Schultz, Bethel Van Tassel, Tahoe Vista; Bob Daneri, Kings Beach.

Various and sundry problems were discussed but the most important decision of the meeting was the selection of an office for the Lake Tahoe-Sierra Chamber of Commerce. Location is the middle of Kings Beach at the North Tahoe Village. The directors were unanimous in their decision as to the location of the office.

Carol and Frances Howard of Grants Pass, Oregon, are visiting Mrs. Eda Judy of Kings Beach. Mrs. Judy is Frances' mama. Frances was the postmaster at Kings Beach before retiring to the Oregon farm.

VFW Auxiliary 7077 Lake Tahoe will make some boy or girl happy with a bicycle, on May Day. Ruby Clackett is in charge of the project and details will be further announced according to Pearl Moore, publicity chairman.

Mrs. T. S. Murdoch and children Charlene and Thomas of Sacramento are spending a week's vaca-

tion with her parents, Mr. and Mrs. H. R. Howard of Kings Beach.

Mr. and Mrs. Gene Sigg from Reno were Tahoe visitors on Monday. The Siggs have sold their Reno apartment and plan to return to Tahoe. No doubt Mrs. Sigg will be remembered as Pearl Koltes of Pine Pantry in Kings Beach. Welcome back!

Mr. and Mrs. Tommy Gore of Carlin Bay were pleasure-business visitors to San Francisco, San Jose, Monterey and way-points over the weekend.

Friends were saddened to learn of the death of Stuart Douglas Lansing Paine of San Mateo and Agate Bay. Paine was a graduate of Yale, and served as coleader on the second Byrd antarctic expedition in charge of the expedition's dog teams. "The Long Whip" was written and published about his experiences. He was awarded a Congressional citation for serving as a naval officer. Was naval attache in the American Embassy at Lima, Peru. Surviving is his wife, Margaret and children, Galen, Merlyn and Stuart Jr. Our sympathy is extended to the family.

Dick and Ruth Lavery of Agate Bay went to San Mateo to attend the funeral of Stuart Paine. Mr. Paine was their summer neighbor and personal friend.

Fire commissioners meeting, North Tahoe Fire Protection District will be at 8 p.m. April 6th at the fire station in Kings Beach, according to Fire Chief Joe Fulton. Commissioners are Bob Howell, Lyle Gunkle and Hillard Holmes. The public is invited.

The Firemen's Auxiliary—a working group—is being organized for telephone answering, radio answering and dispatching, cooking for firemen, assisting at the fire house, etc. during emergencies or fires. Phone Ella Rae Fulton at LI 6-3406—the fire chief's wife—if you would like to join.

Curley Mason, former volunteer fire chief of the North Tahoe Fire District, was the guest of honor at a buffet dinner at the Elks Club in Tahoe Vista, March 11. Curley was awarded watch in appreciation. John and Sophie Levrva were

callers for square dancing. Visiting fire chiefs and wives, Doug and Doris Ingram of Crystal Bay, Mr. and Mrs. Roy Saarni, District Ranger of the Tahoe National Forest, and Al and Jean Henry of Tahoe City were present.

Awards for Red Cross first aid courses were presented by Marie Henry, the instructor of Tahoe City. Recipients were Ella Rae Fulton, George and Francis Gerlets, Al Vierra, Tom Hoffman, Audrey Welch, Curley Mason, Bob Daneri, Betty Rich.

The old Scout camp on Lake View Drive is being cleared by Fred Baker, with Fire Chief Joe Fulton standing by, in preparation of spring construction by the owner. Mrs. Larel Margrave will return with her sister, Mary, sometime in May from Nairobi, Africa, where they have spent the past year and construction on their home will start shortly thereafter.

Happy anniversary, Selby and Esther Calkins! Celebrated March 12th with dinner. The Calkins are planning their new home at Incline Beach, construction to start soon. Selby is president of the Lake Tahoe-Sierra Chamber of Commerce.

Baby boy Elliott weighed in at 5 pounds, 12 ounces at St. Mary's Hospital in Reno, March 16th to Bob and Carolyn Elliott of Tahoe Vista. Sister, Cindy Lee, 20 months old, will greet him on arrival home. Poor parents! Haven't had time to decide Junior's name. Happy grandparents are Bill and Helen Elliott.

The arrival of Gary Allen McFarlane to Michael and Jerri in Marysville on March 11th, made great aunts of Seta L. Hooper of Brockway and Bethel Van Tassel of Tahoe Vista, and great grandmother for the first time of Martha J. Holmes of Yuba City. Reports indicate everyone calm as the parties involved always knew that someday would find them all great.

Don Shaver of Tahoe City suffered a bad cut on his hand which required ten stitches, according to Bonita Jones, his mother. Speedy recovery, Don.

CAF met at the Kings Beach Community Church to discuss "Money, Medium of Exchange." Linda Carrara is president; Larry Henderson, vice-president; Janet Peters, secretary-treasurer. Ping Pong and refreshments were enjoyed by the attendance: Christine Phillips, Nancy Barker, Cathy Rockholm, Linda Harris, Loretta Barnett, Ann Felte, Pamela Hane, Susan Clackett, Tony Rates, Janice Wing, Patty Bervid, Gail Cernusak, Linda Young, John Korsun, Butch McWilliams, Bruce Oranay, Vern Wing, Bill Hane, Steve Krips, Buddy Modino, Rich.

Tips on Touring

By Carol Lane
Women's Travel Authority
Traveling With Baby

Babies travel well—if rest and diet are kept close to normal. These tips are for families on tour with infants.

If you don't take a car bed, you can make a sleeping area by piling luggage to the level of the rear seat, then covering both with a mattress and blankets. Lock the back doors and put pillows against them.

Be sure to take: sterilized bottles, facial tissues, cereal to be mixed with milk or water, baby food, a vacuum bottle of boiled water, disposable diapers, waxed garbage bags.

Milk can be kept cold in a vacuum bottle, but it is easier to use one of the powdered milk preparations made specially for babies. Put the correct amount of powder for baby's formula in a baby bottle and keep it corked. When it's feeding time, add water, shake the bottle and dinner is served. It's a good idea to start this formula about a week before the trip, so baby gets used to the new taste. A car bottle warmer that plugs into the cigarette lighter receptacle lets you warm the bottle without stopping. When on the road, call ahead for motel accommodations—including a crib in your room. Many motels provide baby sitters if you plan to go out for the evening.

The boys of the 8th grade have started spring baseball practice. Editors are Carol Brenick and Pat Kelly.

FOURTH GRADE: Sandy Davis, Dennis Dixon, Sandy Eckerman, Jeff Jellin, Bruce Leamon, Joe Merica, Lorene McCarroll, Mary Lou Randall, Karen Reid, Kathy Stowe, Ken Weiler, Curt Wurst, Lewis Denny had 100 percent on March 17.

KINDERGARTEN NEWS—Mrs. Ellisen: Jeffrey Boatman came back to school after being away for a week.

On St. Patrick's Day we had a party and wore four-leaf clover hats which we made ourselves.

SECOND GRADE—Mrs. Wing: During art period, the class made Easter rabbits with cotton tails. The following children made excellent bunnies: Susan Leon, Nancy Tiller, Alvin Dow, Billy Brehler, Kristie Plunkett, Richard Abbott, Steven Cook, Wynn Manning, David Krako, Becky Erickson, Ronnie Sergi, Susie Dean, Jimmy Black and Mia Melvyn. Mike Holley and Lynann Tugazi.

Kristie Plunkett was the only member of our class to get a smallpox vaccination. Dr. Prescott,

Kings Beach physician, donates his time in the school's immunization program.

Mrs. Charlotte Patnoudé, our school nurse, assists Dr. Prescott every other Thursday morning.

Billy Brehler donated four story-books to our classroom library.

THIRD GRADE—Mrs. Ferrari: Our culminating project for the Dinosaur unit was making miniature clay dinosaurs and fossils.

FOURTH GRADE—Mrs. Corbin: Stephen Holley made 100 percent in his arithmetic test last week. Donna Martin has made 100 percent four times in her multiplication speed test. She leads the room. Dennis Belvin has moved from our school.

SEVENTH GRADE—Mrs. Schultz: Our new officers are John French, president; Larry Tiller, vice president; Cathy Whitehead, secretary; and Celia Manning, treasurer.

Since we did not have a Valentines party, our committees are busy planning the Easter party for this Friday. In charge of decorations are Mike Reed, chairman; Phil Thompson, Vern Wing, John French and Mike Thomas. The entertainment will be planned by Nelson Romero, chairman, Dale DeSylva, Beverly Bergman, Cathy Whitehead, and Steve Fette. Roni Thorwaldsen, chairman, with the help of Barbara McMillan, Paula Martin, and Laura Dwight, will plan and serve refreshments. Directing the necessary job of cleaning up will be Chairman Stephen Newberry, Larry Henderson, and Vern Wing.

EIGHTH GRADE—Mr. Maas: On March 16 we had a game against Tahoe City with a final score of 27-26, our favor.

Leta Laborde, Karen Simpson, Pam Simpson, Carol Franklin, Madelyn Kammerer, and Toni Taylor are putting up three new bulletin boards for our room.

DONNER DOINGS

By VIRGINIA O'BEAR

With the official announcement of the arrival of spring this week, many will start getting spring fever I know. When you get busy cleaning out your attic and closets, etc., please remember to get all of your burning done before April 15th. The forest service contacted our fire chief, Hap Warnke this week asking the cooperation of Donner residents in burning before the above date. After that time, permits will be issued and burning in incinerators will be permitted certain hours of the morning and evening as in the past. A very dry

year is expected, therefore much caution will be expected of everyone.

Mesdames Robert Pankoke and Bud Bullock spent nearly a week at Monterey enjoying the sunshine. That is with the exception of two days when it happened to rain. Martha and Lena did have an enjoyable trip however and are back home now after their coastal tour.

Dr. and Mrs. Ray Wiser and children spent the weekend at Gridley where Mrs. Wiser's parents, Mr. and Mrs. A. H. Hughes, are living. Muriel said they had a wonderful trip and enjoyed the green lawns, pretty flowers and fruit trees in bloom. It was their first trip away from Donner Lake in about six months. Dr. Wiser is president of the Donner Lake Volunteer Fire

Department now, besides his other busy activities.

Marsh Finch is back at Donner Lake after his busy winter at Soda Springs. He is at Donner with Tom and Jerie Bonano and is managing the business while they take a business trip to Oakland this week. Oh yes, little Mike went along with his folks, too.

The Donner Lake Volunteer Fire Department will have a regular meeting this Thursday evening at the firehouse from 7 p.m. to 9 p.m. All firemen are expected to attend for the drill and to work on equipment.

Things are really buzzing at Donner Lake. Last Thursday evening the Ladies Auxiliary of the Donner Lake Volunteer Department met at Smart's for a very delicious dinner planned by hostesses Julie Clark, Janet Franklin and Paula Quist. The St. Patrick's theme was beautifully carried out with the table decorations and the dinner. After the meeting came to order, the ladies voted to have the box social and Miss Donner Lake contest again this year. The ladies volunteered for the various committees to make the affair a success and Bess Reid agreed to find the "place" and the date. She did, so this year the box social will be at Tahoe-Truckee High School on Friday, April 28, 1961, at 6:13 p.m. Many service clubs are being contacted and so far all seem enthused to be invited to sponsor a girl for the contest. Within another week, most clubs will be contacted. Now, back to the meeting... after the dinner, Milla Johnson put on a clever skit depicting antics of ladies belonging to clubs. It was very enjoyable with Nancy Brodie, Laura Horman, Janet Franklin, Jerie Bonano and Jean Walker. Milla announced the ladies as they appeared much to the delight of the members. The hostesses for the April meeting are Jerie Bonano, Evelyn Alexander and Dorance Brown. The place to be announced later. The April meeting will be fun as the ladies will arrive with Easter bonnets made from kitchen gadgets and the first prize will be a hair-do by Miss Mac. The date is April 20th, so don't forget! The judges will be Fire Chief Hap Warnke and Dr. Ray Wiser. The next board meeting will be at the home of Mrs. Hap Warnke on April 17, all members are invited to attend board meetings along with the officers.

Donner Lake Resorts are having a meeting this Thursday evening at Donner Lake Lodge with two important subjects on the agenda.

ANCIENT LAW GIVES BENEFITS TO AREA

Conservationists and the general public, so concerned today with the need for outdoor "breathing space," have every reason to pause and be thankful for a law enacted by Congress 50 years ago today, according to the U.S. Department of Agriculture.

This legislation—known as the Weeks law—resulted in the purchase of millions of acres of land for National Forests in the United States. Rich in forest and wildlife resources, important for watershed protection and as outdoor playgrounds, these lands are administered by the U.S. Forest Service.

Interest in establishment of public forest reservations in the eastern states developed as early as 1880 and reached fruition on March 1, 1911, when President Taft approved an act named after its sponsor, Congressman John W. Weeks of Massachusetts. The original authorized secretary of agriculture to purchase land for national forests on the headwaters of navigable streams for the express purpose of regulating stream flow in aid to navigation. To date some 20 million acres have been purchased, including many of the scenic timbered slopes of the eastern mountains; large areas in the Great Lakes Region, and the headwaters of many important rivers including the Ohio, Connecticut, and the Tennessee.

Scattered parcels of "Weeks law lands" are also located on the Tahoe National Forest, including several in the Prosser Creek area north of Truckee.

The Weeks law and subsequent legislation made provisions for state and federal cooperation which resulted in large-scale fire protection for state and privately-owned forest land. Today, 48 states including Hawaii and Alaska, have efficient forestry organizations for the purpose of protecting forest lands from fire and assisting land owners in better management of forest land resources. More than 400 million acres of forest land are now intensely protected from fire compared with 60 million acres when the Weeks law went into effect.

First, they will choose a "Miss Donner Lake Resorts" candidate from such lovelies as Janice Roth, Paulite Horton and Violeta Doyle. The winner will then compete at the box social April 28th for the "Miss Donner Lake" title. Second, the fish derby is in the planning stage with a special guest to give interesting suggestions.

NEVADA COUNTY MAY LOSE IN SCHOOL PLAN

SACRAMENTO — (CNS) — Nevada county school districts could lose \$19,681 in federal aid under President John F. Kennedy's aid-to-education plan.

The county received \$24,995 during 1960 in federal aid for compensation for children of federal workers in the district.

Roy E. Simpson, superintendent of public instruction, said Kennedy's program calls for less money for school districts with federal workers' children in their schools.

The state would lose a total of \$13,274,293 under the plan but would receive \$52.7 million under other provisions of the aid-to-education plan.

Simpson said he has urged California congressmen and senators to seek immediate passage of a bill insuring continued federal assistance to districts with federal workers' children in their districts. The bulk of such aid would end June 30 under present law or would be continued at a lower rate by the Kennedy plan.

California received a total of \$31.7 million last year under the program.

COUNTY SHARES IN TRAILER COACH FEES

SACRAMENTO — (CNS) — Nevada County has received \$1,643 as its share of the semi-annual apportionment of trailer coach fees.

State Controller Alan Cranston announced he has distributed \$600,984 to the counties for their share of fees collected in the first half of the 1960-61 fiscal year. The comparable figure a year ago was \$589,480.

The controller sends the money to the county auditor, who then divides it equally among the county, cities and school districts in which trailers are registered.

THIEF LOOTS SQUAW VILLAGE OF \$3000

HALF OF ACCIDENTS INVOLVE SINGLE CAR

More than half of the fatal accidents investigated by California Highway Patrol officers during 1960 involved a single vehicle, Commissioner Bradford M. Crittenden said this week.

"Of 1977 fatal accidents in Patrol areas, 1111 were in the one-car category. The implication is obvious. Your safety as a driver rests squarely in your hands. In a majority of last year's fatal accidents, the driver of the involved car had only himself to blame."

"The patrol often has emphasized defensive driving as a protection against the unexpected actions of other drivers, but it is equally important to recognize the causes which contribute to accidents of individual cars," the commissioner said.

"Excessive speed, misjudgment of roadway conditions, defective equipment, deliberate violation of safety rules—these are among the factors which can send your car into a fatal skid, into a bridge abutment, or into a rollover."

"The sensible application of safe driving practices is the surest defense against motor vehicle accidents of any type," Commissioner Crittenden concluded.

sion has over 4,000 campsites under its jurisdiction and said some parks will allow camping up to 30 days. In others the camping is limited to as low as seven days.

At Tahoe Park, Emerald Bay, D. L. Bliss and Donner Memorial camping is limited to ten consecutive days, the announcement said.

Calif. Gets 92% of March of Dimes Funds

THE FIGHT AGAINST CRIPPLING goes forward on many fronts with funds raised through the March of Dimes. The scientist in the laboratory seeks answers on the slides under a powerful microscope. The doctor in his office brings to bear all of medicine's present knowledge to relieve pain and crippling for the individual patient.

NEW YORK, N. Y.—The state of California has been the principal beneficiary in the allocation of March of Dimes funds raised in the state over the past 23 years, it was disclosed today in a financial summary prepared by The National Foundation.

More than 92 cents of every dollar from California's March of Dimes has been put to use in aiding the state's disease victims and in research and education projects conducted by California institutions. Of the remaining 8 per cent accruing to the national headquarters, a large portion also has come back to California in shipments of polio vaccine and gamma globulin and in other nationwide services conducted by The National Foundation.

The summary covers the period since the first March of Dimes was held in January, 1938, and compares the net total of funds raised in the state with amounts made available to California through Sept. 30, 1960.

In this period, California's 61 chapters of the March of Dimes organization raised a net total of \$46,371,780.74 at an average fund-raising cost of 10 1/2 per cent. Of this amount, \$34,064,052.96 has been available to the county chapters in carrying out their extensive patient aid programs, including advances of \$12,660,830.87 from the national office to meet local emergency situations.

In addition, 247 grants totaling \$8,710,322.56 have been made in support of research and professional education projects at California institutions. Principal recipients of these grants have been: The University of California, Berkeley, \$2,135,197.91; Stanford University, \$1,692,462.50; Rancho Los Amigos, \$1,659,769.68; California Institute of Technology, \$1,342,968.05; University of Southern California, \$774,281.09; Alameda County Board of Supervisors, \$332,173.69; California State Dept. of Health, \$262,570.21; Orthopaedic Hospital, Los Angeles, \$123,729.74; University of California, Los Angeles, \$100,323.79; and Children's Hospital, Los Angeles, \$88,563.93.

Fairmont Hospital has been supported to the extent of \$666,838.02 through the grants to Stanford University and the Alameda County Board of Supervisors.

Over and above the 92 per cent used by institutions and county chapters in the state, The National Foundation has financed within the state projects such as the historic field trials which proved the effectiveness of the Salk vaccine, epidemiological studies and scholarship or fellowship grants to California residents. National headquarters' expenditures for the vaccine trials in California amounted to \$51,477.74. In addition, the national office has sent into California \$277,103.63 worth of Salk vaccine and 590,496 cc's of gamma globulin in support of its polio prevention programs.

Two years ago, the National Foundation for Infantile Paralysis changed its name to The National Foundation in expanding its areas of interest beyond polio to include birth defects and arthritis, using the scientific knowledge and experience gained in the fight against polio.

DIFFICULT COURSE IS SET FOR BOWL MEET

A long and difficult giant slalom has been decided upon for California's first professional ski race, to be held at the Sugar Bowl on highway 40 near Donner Summit on Sunday, March 26, general manager Ed Siegel announced.

The course, over which such international stars as Anderl Molterer, Christian Pravda, Sten Ericksen, Tony Spiss, Othmar Schneider, and others will compete, will be approximately one mile long with a 1200-foot drop.

It will start at the top of Mt. Disney, and end on the flat to the right of the lower terminal of Disney. Said Siegel, after a long distance conversation with Friedl Pfeifer of the International Professional Ski Racers Association:

"The race will be an exciting one—with technical ability as well as speed and daring needed by all the competitors. The course will have high speed turns, bumps, drops, plus open and tight gates."

"Two runs will be made by each competitor. We have purposely set the course the way we have to make it difficult for the skiers, and exciting for the spectators."

Siegel added that no actual starting time had been decided upon.

BILL DEFEATED TO SEPARATE GUNS, RUM

SACRAMENTO—(CNS)—A bill which would have outlawed the sale of guns and ammunition in the same establishment which sold liquor has been banished for interim committee study.

This meant no further action would be taken at this session on AB75 by Assemblyman Bert DeLotto (D-Fresno).

Proponents of the measure argued that some liquor stores were using ammunition as a loss leader. This not only amounted to unfair competition for other firearms dealers, they said, but circumvented the state's Fair Trade Act which prohibits liquor stores from reducing prices on alcoholic beverages.

On the minus side, it was argued that such a bill would be difficult for rural areas where general stores often sold liquor but carried stocks of groceries, clothing, firearms, ammunition and many other items.

The department of alcoholic beverage control has not expressed any great concern that the practice of selling guns or ammunition for loss leaders in liquor stores is a major problem.

BOARD PLANS STUDY OF VARIANCE ASKED

The Nevada County Board of Supervisors held up for further study action on the variance from Ordinance 207, asked by G. E. Lewis and William Marsh on 45 acres of land just west of Truckee where it is proposed to construct Donnerland, U.S.A.

A week previously, the planning commission had given the green light to the project, but before a variance can be given, the board must give favorable action.

A public hearing may be necessary to clarify the situation.

Ordinance 207 was designed as a temporary stop-gap to prevent the construction of undesirable buildings between Truckee and Soda Springs prior to and during the Olympic Games. It is not a permanent zoning ordinance and some officials want it taken off the books immediately.

HE'S ON HIS WAY TO TOWN TO GET MA AN ANNIVERSARY PRESENT!

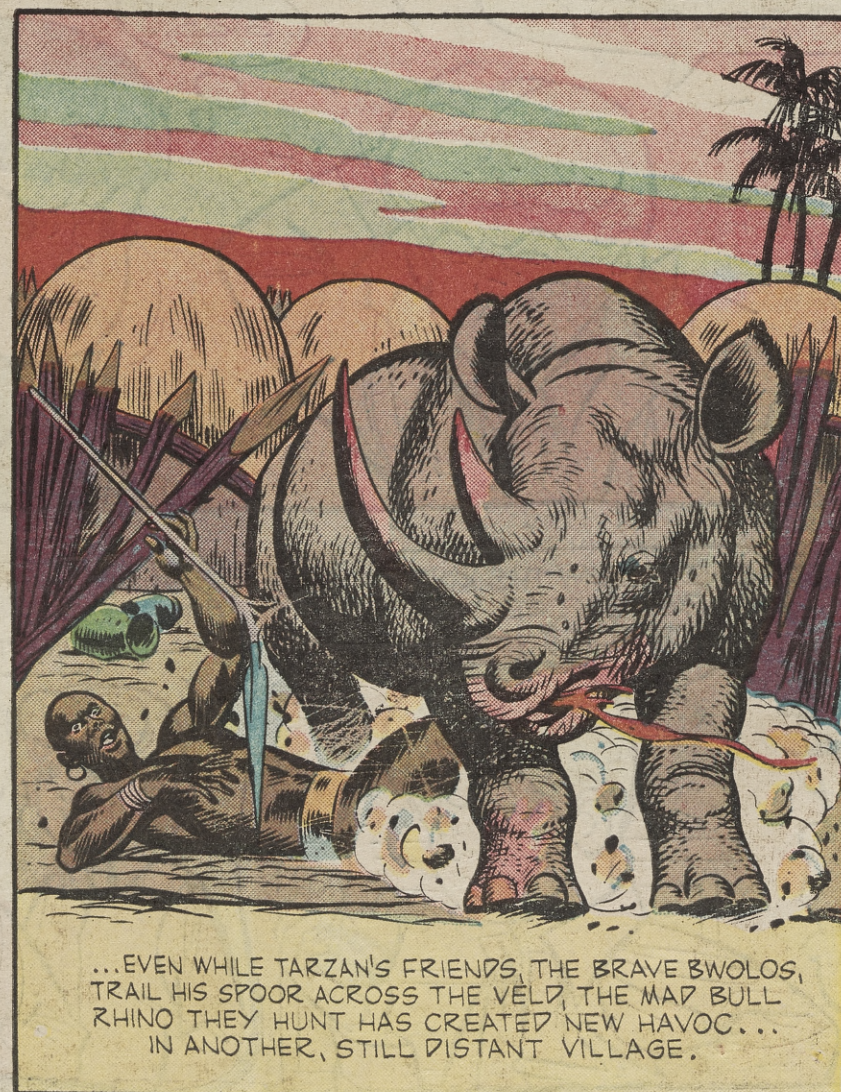

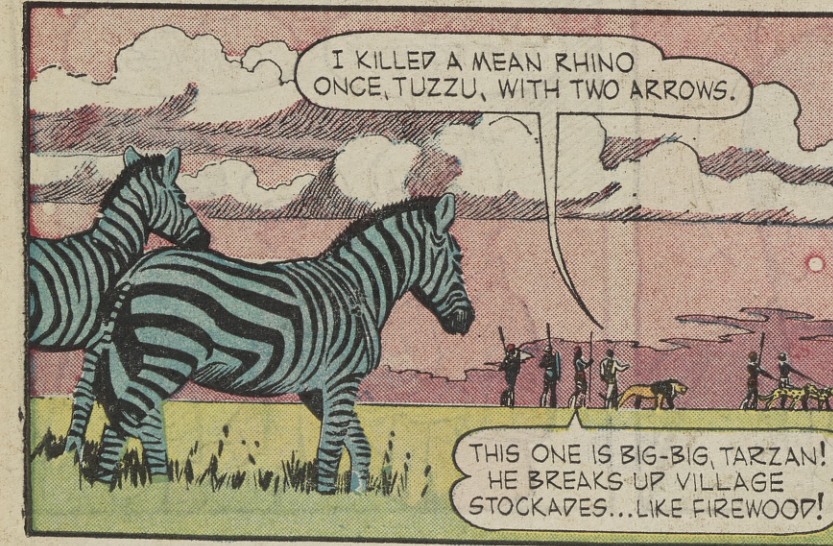

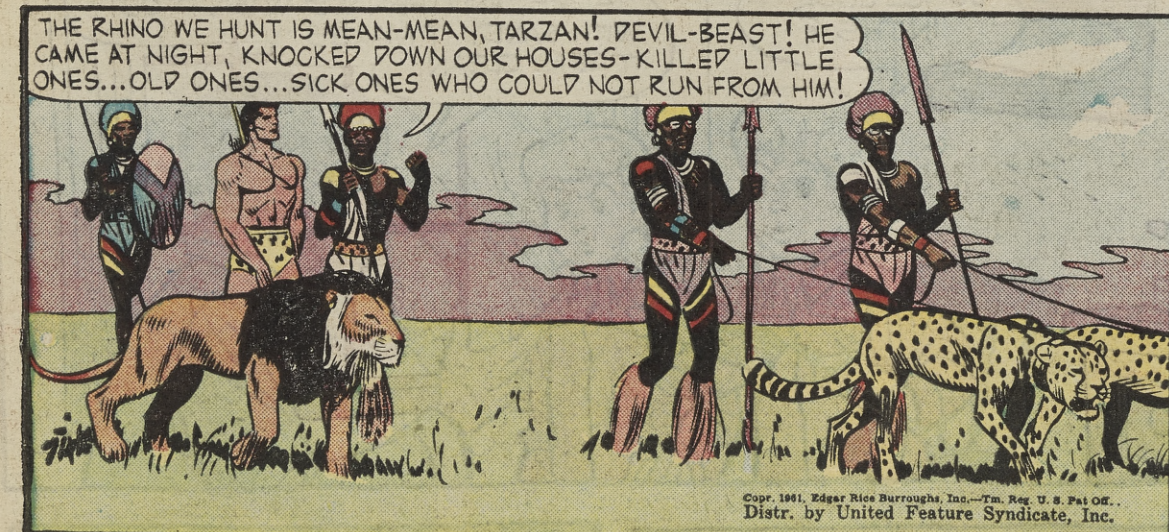

OKAY-- BUT WHY ALL THE RUSH?

THEIR ANNIVERSARY WAS YESTERDAY!

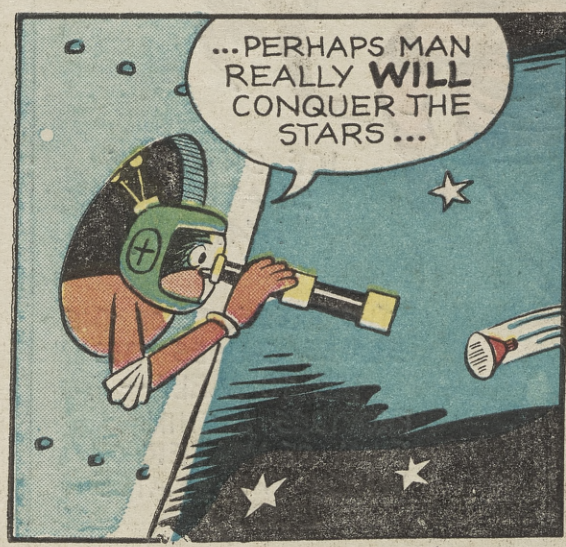

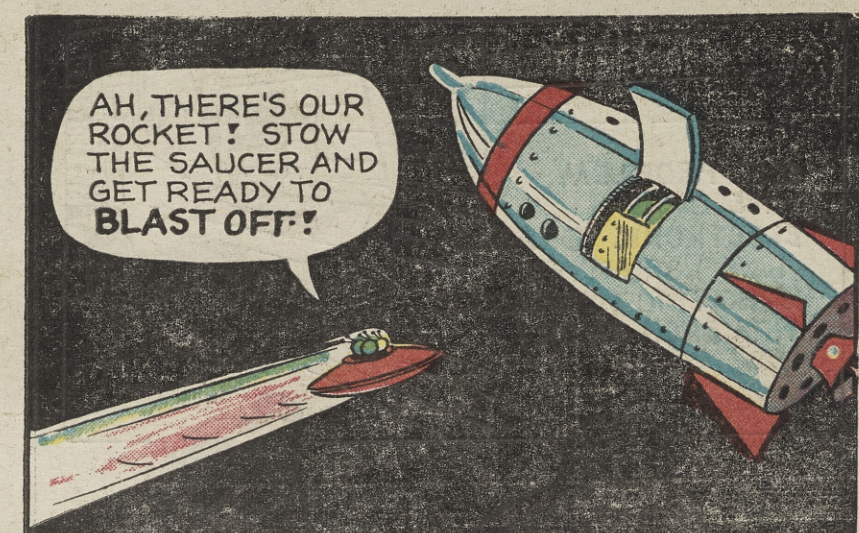

FRITZI SAID SHE WOULD PHONE

IN SOME PARTS OF STILL PRIMEVAL AFRICA ROGUE RHINOS CAUSE EVEN MORE DAMAGE, AND CASUALTIES, THAN ROGUE ELEPHANTS. SOMETHING YET UNFATHOMED BY MAMMALOGISTS, INFECTS THE BRAINS OF SOME AGING RHINOS WITH WANTON MADNESS. SUCH DEMENTED BEASTS CHURN THROUGH ISOLATED VILLAGES-- THEN, AFTER THEIR SENSELESS HAVOC IS ACCOMPLISHED THEY RUSH BACK TO THEIR HERMIT HIPEOUTS...UNTIL THE URGE TO KILL CREATES ANOTHER CARNAGE. THUS.....

...EVEN WHILE TARZAN'S FRIENDS, THE BRAVE BWOLOS, TRAIL HIS SPOOR ACROSS THE VELD, THE MAD BULL RHINO THEY HUNT HAS CREATED NEW HAVOC... IN ANOTHER, STILL DISTANT VILLAGE.

STRANGE as it seems ELSIE HIX

TWO ATLAS ICBM LAUNCHINGS PLACED NOSE CONES ON TARGET MORE THAN 9,000 MILES AWAY-- A RECORD!

MIRAGE MYSTERY!

CAUSED BY REFRACTION OF LIGHT, WORKING THROUGH A LAYER OF AIR...

THEY HAVE BEEN OBSERVED NOT ONLY IN DESERT AREAS BUT AT SEA AND IN ARCTIC REGIONS!

OBJECTS HAVE BEEN SEEN MORE THAN A THOUSAND MILES DISTANT WITHOUT DIMINISHING IN SIZE-- JUST WHY, NO ONE KNOWS!

THE GOLDEN PLOVER, WHICH NESTS IN THE ARCTIC, SPENDS THE WINTER IN SOUTH AMERICA. IT GOES BY WAY OF THE ATLANTIC BUT RETURNS OVER CENTRAL AMERICA

MORE BEAVER PREFER AND LIVE IN DENS IN RIVER BANKS THAN BUILD LODGES ON THE SURFACE!

ONE PROBLEM THE GIANT ELECTRONIC "BRAINS" HAVE NOT SOLVED IS HOW TO COMMUNICATE WITH EACH OTHER!

ICE SKATERS SKATE ON WATER!

THE PRESSURE OF THE SKATES CAUSES THE ICE TO MELT-- PROVIDES A THIN FILM OF WATER ON WHICH THE SKATES GLIDE!

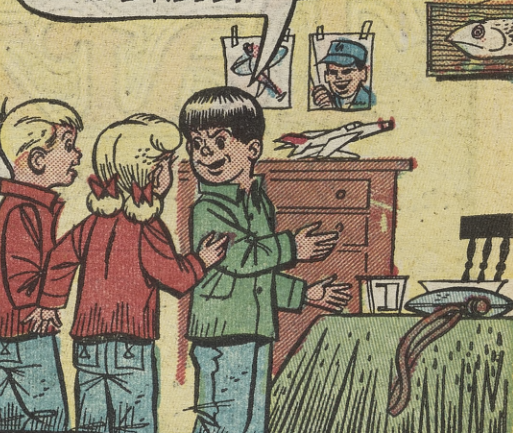

RECORDS OF THE U.S. MILITARY AIR TRANSPORT PROVE THAT SERIOUS INJURIES IN ACCIDENTS ARE REDUCED BY MORE THAN 75 PER CENT WITH REAR-FACING PASSENGER SEATS!

COME OVER TO MY HOUSE... I'VE GOT SOME THINGS I WANT TO SHOW YOU.

I'M GOING ON A HIKE NEXT WEEK, SO MA BOUGHT ME EVERYTHING I NEED.

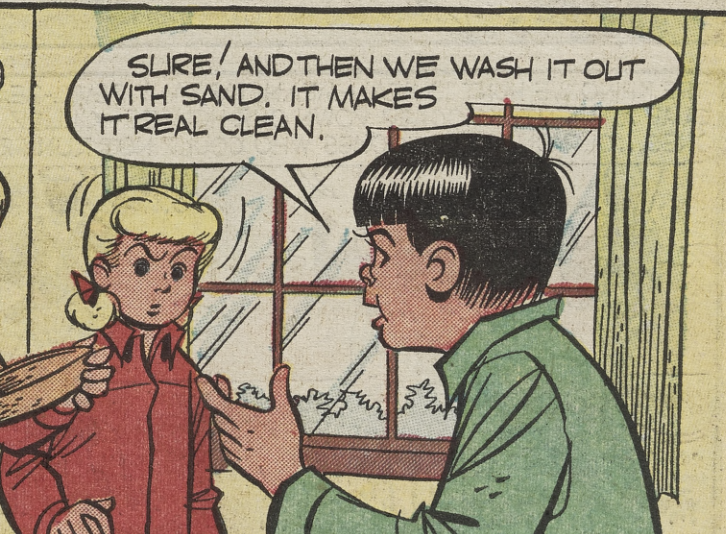

WE'LL COOK, AND HIKE, AND WE'LL HAVE FUN!

DO YOU COOK IN THIS?

SURE! AND THEN WE WASH IT OUT WITH SAND. IT MAKES IT REAL CLEAN.

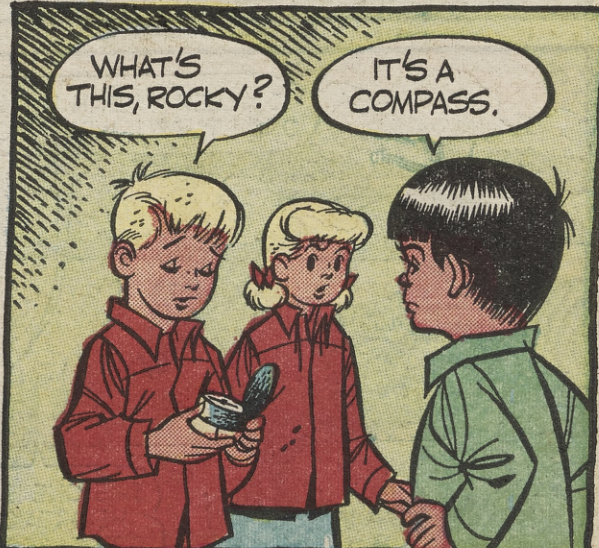

THAT DOESN'T SOUND VERY CLEAN TO ME!

GIRLS!!

WHAT'S THIS, ROCKY?

IT'S A COMPASS.

I NEVER SAW THIS KIND OF COMPASS BEFORE. WHAT'S THE MIRROR FOR?

WELL--YOU JUST LOOK IN THERE--AND IT TELLS YOU WHO'S LOST!
